In addition, she teaches students how to apply math formulas to solve real world problem instead of memorization, as well as teaching the synthesis techniques to analyze various data sources to explain and summarize important biological functions. Ms. Drust is the teacher who knows how to help students achieving high in AP/SAT II Biology.

Mr. Kovalcin (Physics) is the author of the Honors Physics, Volumes 1 & 2 text book. He has been teaching a combination of lab physics, AP physics, C Mechanics, and Electricity & Magnetism. He is dedicated, well-organized, and thorough. Over the last decade, he coached the Manalapan HS Physics team in the National Science League to first place in 2008 and 2009. Four students in his charge became members of the US Physics Team. A former student wrote a review stating, "Mr. K. definitely knows the physics material well. He can clearly and accurately explain difficult concepts so that they can be understood. He can also explain the basis and origin of the laws of physics, as well as their applications. Lessons are not spent covering material as fast as possible, but rather aiming for depth in each topic."

Mr. Patel has 10 years of dedicated experiences on teaching SAT and ACT on all topics, i.e. Reading, Writing, Math and ACT Science. He taught in IES2400 for 7 years since the beginning of IES where he also wrote workbooks.
