SAT II Biology

1/08/2017 – 5/28/2017
Sunday 9:00 AM – 10:30 AM

This course is designed for high school students to prepare for the upcoming SAT II Biology test.

Course method:

- ✓ Assembling review material from a huge variety of sources and customizing handouts for each class. This enables the students to review all necessary topics for each and every test.
- ✓ In each class, study sheets are used to reinforce the important concepts.
- ✓ After each class homework study sheets are used to reinforce the topics covered that day.
- ✓ Reading assignments are also given so that the student can prepare for the next class.

Instructor

Ms. Drust is a certified Biology teacher with over 15 years of experiences on teaching AP Biology, Honors Biology, and SAT II Biology. She has helped countless students achieving top scores (5 in AP, 800 for SAT II) as well as school works in Biology. She has the ability of making the real world connection to the topics that the students are studying so that students are motivated to learn, and make the learning more interesting. With her broad experiences on high school teaching and AP Biology education, she knows the deficiency of the school teaching, and knows how to make up the deficiency to help students achieving top scores. Ms. Drust is especially familiar with the new AP Biology changes made two years ago. She knows how to train students to answer free response questions which have increased significantly in the AP test. In addition, she teach students how to apply math formulas to solve real world problem instead of memorization, as well as teaching the synthesis techniques to analyze various data sources to explain and summarize important biological functions. Ms. Drust is the teacher who knows how to help student achieving high in AP/SAT II Biology.
