

Dear parent and student,

Spring break is here. AP Exams are coming. The school final is also approaching. Take advantage of the spring break to beef up your readiness/foundation in prep for the upcoming challenges of school tests/quizzes or AP Exams.

Marlboro Learning Center has designed a unique process that helps students improve their school performance and proven work. It is proven working for student test/quizzes performance improving from B to A+ in a short time.

The **AP Final reviews and tests** are starting next week for most small group classes, and 1-on-1 tutoring, e.g. AP Calculus AB/BC and AP Physics 1, C(Mechanics and E&M), plus other Math subjects, including Algebra II/I, Precalculus and Geometry are available at \$50 an hour are available.

SAT and a new SAT Foundation class on Saturday beefing up students' English **vocabulary, grammar, and reading comprehension**. Students should take the SAT assessment test to determine whether they should begin with the SAT Foundation class before moving on to the more advanced SAT class for further enhanced reading, vocabulary, and grammar skills.

Detailed class schedule and fees, plus teacher profiles are available on our website marlborolearningcenter.com by selecting the Schedule, Register/Tuition, and Faculty tabs on the top menu bar. You may register via the web by selecting Register/Tuition and pay tuition via Zelle or PayPal to mlc.learning.charles@gmail.com. You may also call in to pay by credit card.
